Yale Physics Newsletter

July 7, 2017

News

Workday is here, please be patient!

For questions please go to the local gurus first, Physics gurus are: Cindy Conforte, Maria Foley, and Paula Farnsworth.

For more news see: <http://physics.yale.edu/news>

Announcements

For further information on any of the items included here or if you would like to contribute to the next newsletter, send email to [Daphne Klemme](mailto:Daphne.Klemme).

§

Please [click here](#) for updates on the Yale Science Building, including information about the YSB Construction Phase Pedestrian Impact. The project encompasses the construction of a new state of the art sciences laboratory at the approximate location of the demolished J.W. Gibbs building, a comprehensive renovation of the KBT Plaza, a lecture hall, and a common area at the south end of KBT Plaza.

Minors and Visiting Undergraduates

Environmental Health and Safety has recently created a new set of Frequently Asked Questions regarding Minors and Visiting Undergraduates Participating in Research or Clinical Activities. These FAQs cover a variety of topics including how to submit an application, how to obtain a NetID and how to see any outstanding training or compliance issues, among others. [Click here](#) to see the new FAQs.

Applications for minors and visiting undergraduates participating in research or clinical activities can be found at <https://ehsis.yale.edu/EHSIntegrator/Registration>. An [instructional help guide](#) is also available to assist you with getting started.

Applications must be submitted and approved prior to the individual's arrival and participation in any research or clinical activities. Applications will not be authorized until all training and compliance issues have been completed. The University has revised its policies regarding minors and visiting undergraduates in this

area to assure compliance, address safety concerns and optimize the research or clinical experience.
