

# History & Foundations of Physics

# REPLICATION in Science

## MEETING 3.1

TUESDAY, September 26<sup>th</sup> - 5:30 PM  
46 Humanities Quadrangle, Rm C65

Dinner and refreshments will be served.

- What does it mean for an experiment to be 'replicated'?
- How is scientific knowledge situated within professional networks and particular instruments?
- What is the significance of the current 'replicability crisis' in the sciences?

**Yale**  
Dept. of Physics

**FRANKE PROGRAM**  
in Science  
& the Humanities

For suggested  
readings and  
further details.
