

History & Foundations of Physics

Unpacking the Scientific Persona

An anthropological look at particle physicists via Sharon Traweek

Meeting 4.1

Wednesday, February 21st - 5:30 PM

Kline Tower, Room 401

Dinner and refreshments will be served.

What are the explicit and implicit sociological divisions within a field, and what are some of their consequences?

How do the stories that scientists ascribe to themselves and others evolve over a career?

How does gender play a role in shaping the experiences of scientists?
