## 2022 Yale Mossman Fellowship

The Yale University Physics Department invites applications for the Yale Mossman Postdoctoral Fellowship, which is intended to support promising physicists in the early stages of their careers.

This year's fellowship will be in any subfield of physics. The fellowship provides a three-year appointment with a competitive stipend, discretionary annual research fund, comprehensive health insurance, and access to the department's research facilities.

---

Yale has an active and engaged research community in many subfields of physics, including astrophysics and cosmology, atomic physics, biophysics, condensed matter, gravitational physics, nuclear and particle physics, and quantum science. More information can be found at [physics.yale.edu/research](https://physics.yale.edu/research).

Yale strongly welcomes applications from women, persons with disabilities, protected veterans, and underrepresented minorities. Yale is an Affirmative Action/Equal Opportunity Employer.

---

For inquiries about this position, please contact Prof. Witold Skiba at [witold.skiba@yale.edu](mailto:witold.skiba@yale.edu).

Apply at [physics.yale.edu/yale-mossman](https://physics.yale.edu/yale-mossman) by November 1, 2021 for full consideration.
